Continuing Education

Welcome to Your Pet Dentist's Continuing Education program! Our two-hour program is designed to provide you with comprehensive and up-to-date information on dental care for animals. During this program, you will be able to learn about the latest advancements in veterinary dental procedures and techniques.

In addition to these educational sessions, you will have the opportunity to network with other veterinary professionals and learn about the latest dental products and services available. We hope that this program will provide you with the knowledge and skills necessary to provide the highest level of dental care to your animal patients.

TOPICS

- Anesthesia Plans: A Practical Approach - Martin Kennedy, DVM, DACVA
- 7 Unforgivable Sins of Veterinary Dentistry, and How to Avoid Them - Barden Greenfield, DVM. DAVDC
